Due to the requirements of the exhibition venue, to ensure the smooth and safe progress of the exhibition, smoking is strictly prohibited throughout the venue. In addition to signing the corresponding construction safety responsibility statement, special booth constructors must also sign a special booth fire safety responsibility statement with the official contractor and pay a special booth fire safety guarantee deposit. The deposit will be refunded if there is no breach of contract after the exhibition.

The official contractor for the exhibition is Tianjin Northern Performing Arts Group Stage Art Co., Ltd., responsible for the construction of standard booths; rental services for furniture, electrical appliances, and lighting facilities; management of construction for net land booths; and collection and declaration services for facilities such as water, electricity, gas, telephone network lines, and hoisting points. For specific regulations and charging standards, please refer to the relevant contents of booth design and construction.

FACILITY LEASING SERVICES

Rental of water, electricity and gas facilities

- 1) For booths that require supporting water, electricity and gas facilities for rental, exhibitors must submit their applications by March 1, 2025 to the official contractor . In order to ensure the safety of electricity consumption at the booth and prevent electrical fire accidents, the contractor will be responsible for providing a secondary electrical box with earth leakage protection and for dismantling and installing the box . For details, please refer to the attached table: "Application Form for Rental of Exhibition Supporting Facilities" .
- 2) If the booth requires 24-hour power supply, exhibitors must submit an application to the official contractor before March 1, 2025. Please refer to the attached table for details: "24-hour electricity application form for exhibition booths".
- 3) For booths that require early power delivery and commissioning, exhibitors must submit an application by March 1, 2025 to the official contractor . For details, please refer to the attached "Application Form for Early Delivery of Electricity to Exhibition Stands" .
- 4) The booth electrical box is divided into lighting box and power box. Exhibitors should indicate the type of electrical box when applying to the official contractor. When applying for a power box, the application must be submitted to the official contractor before March 1, 2025.
- 5) Exhibitors are advised to bring their own air compressor and submit a request to the official contractor by March 1, 2025 if they have a compressed air requirement.

Internet and telephone rental

If exhibitors need to rent internet and telephone facilities for their booths, they must submit an application to the official contractor before March 1, 2025. Please refer to the attached table for details: "

Application Form for Lease of Exhibition Supporting Facilities". To further strengthen the network security work of the exhibition, the organizer has formulated a network security management notice. Please refer to the attached "Network Security Management Notice" and "Exhibitor Electronic Display Network Security Responsibility Notice" for details.

Furniture rental

Exhibitors wishing to rent furniture rental must submit an application to the official contractor by March 1, 2025, as detailed on the attached Furniture Rental Application Form. On-site applications may not be able to fulfill the demand.

Rental of Flowers and Plants

Exhibitors wishing to rent plants and flowers must submit an application to the official contractor no later than March 1, 2025, or apply on-site. Please see the attached Flower and Plant Rental Application Form for details. On-site applications may not be able to fulfill demand.
